Intimate Care

When a child starts reception they can find themselves in unfamiliar surroundings and faced with new routines. In this environment sometimes accidents can occur.

The staff in the reception class are very experienced in dealing with issues such as this. They are aware of the need to provide the child with a safe and private area where they can be changed. Our toilets provide this privacy but also are observable by other adults in the classroom to ensure that both child and adult are safe and protected.

The agreed practice is that the child is supported in cleaning themselves under the direction of an adult. If a child is unable to clean themselves to an acceptable standard then the member of staff will step in.

The form below provides your permission for our staff to clean your child in the event of an accident happening.

I give permission to the school to provide appropriate intimate care support to my child. E.g. changing soiled clothing, washing, bathing and toileting.

I will advise the headteacher of any medical complaint my child may have which affects the issues of intimate care.
