Tapestry – Learning Journey

Dear Parents,

In September 2017 we are introducing a new online learning journey called Tapestry. This is a piece of specifically designed software which will allow you to see what your child has been doing in school.

During the autumn term you will be provided with a secure username and password which will allow you to view some of the observations made about your child, some photographs and even from time to time some video clips. You will be informed via email when new material about your child has been added to the program.

The software will allow you to view your child's academic progress, reflect upon their achievements and add comments so we can find out about your child's interests and learning at home.

Material uploaded by the school staff will reference the Early Years Foundation Stage profile so you will know exactly which area of learning your child is achieving in and the age-band they were working in for that activity.

Please note that the schools uses many forms of assessment in the foundation stage to assess a child's development. All of the information recorded is stored on secure servers which are monitored regularly.

Data protection, privacy and E-safety is extremely important at Christleton Primary school. We therefore request that you provide the information overleaf and agree with our guidelines.

We are sure that you will find the information provided through this system both supportive and informative.

Tapestry – Learning Journey

Agreed guidelines for accessing and using Tapestry (Online Learning Journey)

As a parent I will...

- Not publish any of my child's observations, photographs or videos on any social media site.
- Keep the login details within my trusted family.
- Speak to a member of staff if I experience any difficulties accessing my child's learning journey.

I agree to the above guidelines:

Name of child

Print name

Signed

Date

In order for an account to be set up for you we require the following information :

Parent name

Email address
